

KuyaPads Coin (KPC) Whitepaper - 2025

What is KPC (KuyaPads Coin)?

KPC is the official utility token of KuyaPads Network. It powers all financial activities within the ecosystem - from social media earnings, booking services, e-commerce payments, trading fees, to digital products and educational tools.

Why KPC is Different

- Used across all KuyaPads services
- Converts automatically from other currencies
- Acts as fuel for monetization, rewards, and transactions
- Anti-inflation: Burn mechanism and reward control

KPC Tokenomics

Total Supply: 100,000,000 KPC

Allocation:

- Founder Wallet: 30%
- Airdrop: 10%
- Platform Circulation: 20%
- Marketing & Community Reserve: 10%
- Liquidity Provision: 10%
- Login/Referral Rewards: 10%
- Future Exchange Listings: 10%
